

# LEANICON 2018

November 2018

Mandelli has ranked **second** ( out of 28 companies from all around Europe) in the «LeanIcon» contest for the implementation of the Lean principles in the **shopfloor management**.

Mandelli's daily exchange of info on the assembly area criticalities, the update meetings, the GEMBA walks and the way information is dealt with have been acknowledged as an excellent way of operating and this makes us all very proud !!!

This prize represents a spur to proceed in this line for continuous improvement !!
